Welcome Message

On behalf of the Organizing Committee of the Global Breast Cancer Conference, it is our greatest pleasure to draw your attention to the Global Breast Cancer Conference 2017 (GBCC 2017), which will be held from 20 (Thu.) to 22 (Sat.) April 2017 on Jeju Island in Korea.

The Global Breast Cancer Conference was originally a biennial meeting held in Korea and now becomes one of the biggest breast cancer conferences in Asia; starting in 2016, the GBCC takes place every year. Since its successful inception in 2007, our conference has made a significant contribution to taking the field of breast cancer to a higher level.

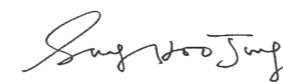

Especially as the year 2017 marks the 10th anniversary of the GBCC, the Organizing Committee is currently bracing for another decade of fruitfulness in the future GBCCs. This effort aims to continue to advance the sphere of breast cancer, as well as to unite Asian professionals together to come up with better solutions for Asian patients.

Indeed, the Organizing Committee is now trying its hardest to put together an excellent scientific program to ensure that you are up-to-date with the latest trends and developments in breast cancer. GBCC 2017 will also include a diverse array of social events to provide opportunities for networking and interaction among breast cancer professionals from all over the world.

Hopefully, you all can join us for GBCC 2017 in the most beautiful season of the year in Jeju, a volcanic island full of nature's gifts.

Thank you.

The Organizing Committee of the GBCC

"With you, the World Leading GBCC"

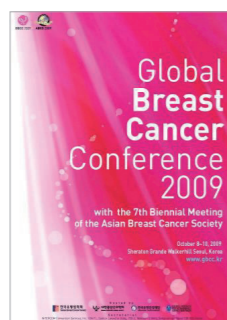

GBCC 2017

The Global Breast Cancer Conference, which began as an Asian centered biennial meeting, is now one of the biggest breast cancer conferences in Asia. Now, GBCC aims to go beyond Asia and reach out to breast cancer patients all around the world. It is time to seek integrative collaboration and close cooperation among experts to advance the sphere of breast cancer and try to provide better solutions for patients regardless of their continents.
