Welcome Message

Dear Colleagues,

It is our greatest pleasure to invite you to the Global Breast Cancer Conference 2023 (GBCC 2023), which will be held from April 27 (Thu) to 29 (Sat), 2023 in Grand Walkerhill Seoul, Korea.

As one of the biggest breast cancer conferences in Asia, the GBCC takes place every year to gather people from all walks of life to come up with multi-scientific strategies to effectively diagnose and treat breast cancer, and ultimately to promote women's health.

The GBCC 2022 was the first conference with international participants since the COVID-19 pandemic, the GBCC 2022 was a great success. With 2,353 participants from 35 countries, breast cancer experts gathered for fruitful and productive assembly last April in Seoul.

As always, the GBCC 2023 will provide a valuable platform to interact with breast cancer professionals from all over the world. GBCC organizing committee will make every effort to render GBCC 2023 remarkably informative and fruitful so that it can be a rewarding experience for all.

We thank you for keen interest in the upcoming GBCC, and we sincerely hope to meet every participants face-to-face in 2023.

Thank you.

About GBCC

The Global Breast Cancer Conference is a meeting of breast cancer held in Korea, started as a biennial meeting in 2007. Hosted by Korean Breast Cancer Society and supported by the Korean Breast Cancer Foundation, now it has become one of the biggest breast cancer conferences in Asia.

Since its successful inception in 2007, GBCC has been one of the best learning opportunities and networking hub for those involved in breast cancer to pick up the latest knowledge from basic research to state-of-the-art therapy and to build a stronger relationship with professionals from all around the world.

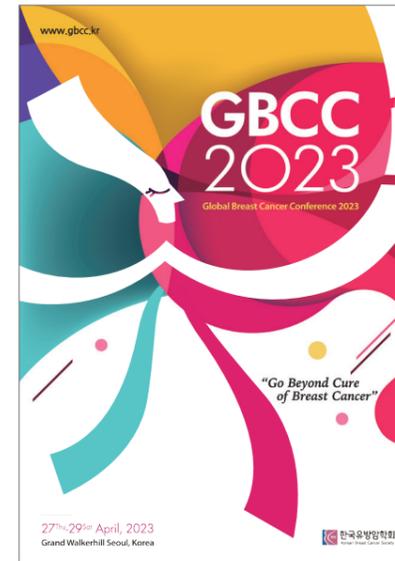

As a result, GBCC has been certified as the 'Global K-Convention' in recognition of its potentially for international growth. K-Convention is a certified brand given by the Korea Tourism Organization to promising conferences held in Korea.
